Subject: Microsoft Settlement

It is my opinion that the Tunney Act, and resulting Microsoft Settlement, should be completed as soon as possible. It has always been my view that Microsoft has been persecuted for the heinous crime of being ahead of it's time--nothing more. Their ability to outthink and move faster than the competition, and the resulting financial gains, are all they're guilty of. Microsoft has generously agreed to settle, so let's settle and be done with this dirty business.
